Gain a business degree based in real-world knowledge. As organisations are constantly changing, real-life learning is more relevant than ever.

This programme has industry experiences at its centre with case studies and workplace-based or focused assignments. The practical learning doesn't stop there as you'll also complete an internship during your third year. This internship will place you within a real-world business where you'll need to complete a research project as part of your time with the organisation.

Through this hands-on learning experience, you'll develop the understanding and skills to work in a range of management environments at operational and strategic levels – not to mention the great industry and business connections you'll also make!

We offer papers in areas such as Entrepreneurship, Consumer Behaviour and Leadership in Action. We embrace our commitment to sustainability with a sustainability perspective embedded across all courses.

Apply now and become a work-ready and future-ready business professional ready to take on the world!

What will I learn?

This programme is all about practical learning so you can really understand the world of business and hit the ground running when you enter the workforce.

During your degree, you'll:

- learn by looking at case studies, completing workplace assignments and a major research project
- receive help with part-time job placement during your studies and with job placement when you graduate
- complete a 300-hour internship, gaining hands-on experience and developing important industry and business connections.

What will the three years look like?

During your first year, you'll complete core Level 5 courses about business fundamentals. During your second and third year, you'll complete compulsory courses in Improving Organisational Performance and Organisational Research Design as well as several courses we will help place you in. All students will also complete an Internship in their final year.

Cancellation of a programme

Any programme of study, course or course occurrence may be cancelled or postponed where there are insufficient numbers. As far as is practically possible, we avoid cancelling or making other significant changes less than two weeks before the programme starts (or five working days for short courses). If this happens, we will do our best to suggest alternative study options for you. If you don't want to do the alternative programme, we will give you a full refund. For international students, if a programme change affects your visa status, we will let you know and support you to find an alternative option. We also advise Immigration New Zealand of any programme change that will affect international students.
